

PRIME TRURO

We are unlike any other coffee shop, salon or barbers you will find anywhere. We have grown from a husband & wife team with Newquay roots; and are now proud to be open in Truro city. We have an eclectic mix of locally roasted coffee from the south west, always poured by passionate barista trained staff to ensure every cup is served just how you like it. Sit in and enjoy sipping on the electric surroundings of Prime, with a vast array of drinks to choose from. Whatever your flavour, be it "chill and read", "wifi-hook-up" or "etching a new high-score on the arcade machine," we've got you covered! We also enjoy stocking weird and wonderful gifts and merch, hard to find anywhere else!

It doesn't even end there. Our barber district and cut & colour quarters offer top quality hair services from our dedicated team, who have over 10 years experience. Ladies and gents can flow through our easy booking app and reserve a seat to find themselves in the safe and artistic hands of the barber or stylist of their choice.

We strive to be a hub for the creative community; a place to chill for all ages in the very heart of Truro.

OUR SERVICES :

Please note before reading - We have set our prices to be based on your hair's length, who your service is booked with and that person's skills; rather than pricing services based on your gender. We believe that we all have the right to be viewed as equals, no matter our gender, and pricing it any other way is outdated!

So gents, if you're keeping it long: rock on, and ladies wanting a short barber cut, or perhaps a shaved panel: please be our guest...you'll find that it's all priced fairly and accordingly. Today's modern world deserves that at least!

Improve your hair's health, strength and shine by treating it to a Stand-alone hair repair treatment:

Short hair- treatment +blowdry finish **£35**

Long hair- treatment +blowdry finish **£38.50**

Treatment with a trim & blowdry Finish: **£45**

Treatment with a restyle cut & blowdry finish **£48**

or *upgrade your colour service* to prevent further chemical damage just **£15** extra
